e-Statements: Are You Green Yet?

As a credit union member, you're already a socially conscious consumer. You're always looking for ways to improve the world around you and help others, but are you green when it comes to your credit union statements? If not, you can easily make the switch from paper to paperless.

By replacing traditional paper statements with e-Statements, you will:

1. Cut back the need for resources to create paper statements and in turn, improve the environment.
2. Protect your identity by reducing the paper trail of regular mail and thus the chance for ID theft.

e-Statements also:

- Reduce paper clutter
- Safer than traditional mail
- Available much sooner than paper statements
- Offer convenience - access years of account history online at anytime from anywhere
- Provide email notifications when a statement is ready to view
- Are fast, easy, and secure

If you're interested in making the switch from paper to electronic statements, call or visit our office to find out how to go green!

Wild About Saving! Credit Union Youth Month

Visit City Co Federal Credit Union during the month of April 2015 and help us celebrate National Credit Union Youth Month™. That's right, it's an entire month now!

We want our youth members to get wild about saving at their credit union. Open a new youth account during April and receive a free gift.

And remember, City Co Federal Credit Union membership is open to all members of your family. Now is the time for them to begin saving for their future. Also, parents can use their payroll deduction to deposit to youth accounts. Share the gift of membership with someone you love.
